

## Isolation Care Room Standards

Health Videos: Hand hygiene, masks, staying home when sick <https://www.nasn.org/nasn/nasn-resources/practice-topics/covid19/nasn-return-to-school-video-series>

School Nurse is available and would be the first point of contact for any specific health needs.

- Student/Staff remain masked
- Hand Hygiene
- 6 feet distancing will be maintained
- Families will pick up students 30-60 minutes upon receiving a call
  - Student will have to stay in care room until they are picked up
    - Student should not be sent on bus, allowed to walk home alone or driven home
- Students who are ill and waiting to be picked up will be sent to a care room and monitored
- Health staff stationed inside Isolation care Room will be wearing Personal Protective Equipment.
- Student may be asked to wash hands
- A back up room will be identified for multiple students who may be ill at once and 6 ft distancing cannot be maintained
- Room and supplies will be disinfected between students using EPA approved disinfectants/wipes by monitoring staff/health professional
- Isolation care room is part of daily routine cleaning by Custodial Services
- HEPA filter will be turned on low at the beginning of the day and turned off at the end of the day
- Isolation care room signs will be posted for care room and designated restroom by site
- Sick Student Letter given to parent/guardian when student is picked up
- All designated items for the isolation room are to remain in care room (HEPA filter, hand sanitizer, disinfectant wipes, etc).
- Designated restroom – use isolation sign. Part of routine cleaning. Maintain mask use, 6 ft distancing & hand hygiene.

### **If a student becomes ill while at school and there is NO health professional available:**

- 1) Ensure student and all staff keep their mask on and remain six feet apart
- 2) Let student know you will call their parent/guardian to pick them up
- 3) Place student in the identified isolation room (remain masked) and be sure you can visually monitor student at all times from outside of the room, until parent/guardian arrives
- 4) Admin/Admin Support/School Nurse notify COVID-19 Action Team (CAT)  
<https://fusd.sharepoint.com/Lists/covid19form/NewForm.aspx>
  - Siblings/household students of a student going home for symptoms need to be reported separately even if they have no symptoms.
- 5) COVID-19 Action Team (CAT) Member will provide site and family with next steps and guidance for clearance
- 6) Any emergencies, call 911

### **If a student becomes ill while at school and there is a health professional available:**

- *Health Staff will refer to “Health Services – Student Illness Protocol”*
- School Nurse and site will collaborate and identify site specific workflow plan
